Where your goals are ours

The Budget Wise account has been created to solve a common problem - remove the stress and anxiety associated with paying your every day bills.

Budget Wise is unique in that it allows you to set your budget for the year ahead. It removes stress by smoothing out your nominated bills for the full 12 months and helps you achieve your financial goals and aspirations faster.

Easy to set up.

Fast to pay bills.

Goodbye bill-stress.

A Budget Wise account makes life easier. It's surprisingly simple and incredibly helpful.

How does it work?

Sign up to Budget Wise and we will pay all of your nominated bills on your behalf.

1. Nominate your bills. These can include everything from loan repayments for your car, home, or investments, to insurance premiums, council rates, electricity/gas, telephone/mobile bills and even credit card repayments, school or day-care fees and memberships or entertainment packages like Netflix or Foxtel.

2. We calculate your recurring payment amount by adding all these bills together. We include a safety margin of 10% to account for any variable bills such as phone or electricity. We then divide the total of your bills by the number of pay days for the year, to determine your regular payment amount and the frequency of your payments.

3. Activate your account by paying your first deposit up front. Each subsequent payday, your nominated payment will be deducted and placed in your Budget Wise account.

4. You can present your bills to us before they are due and we'll pay them on your behalf, or you can pay them online.

That's not all...

Budget Wise is loaded with lots of additional features;

KNOW YOUR FINANCIAL STATUS with a single view of your expenses, making it easy to track your spending habits, view your Budget Wise account status, deposit and bill payment history.

NEVER MISS A BILL AGAIN with timely email/ SMS reminders when bills are due.

AVOID PENALTY CHARGES with our autopay feature.

GOALS add a savings goal and achieve your financial goals faster.

REWARD YOURSELF at the end of the 12 months, we'll transfer whatever is left in the account to your nominated Coastline account – a great way to boost your savings.

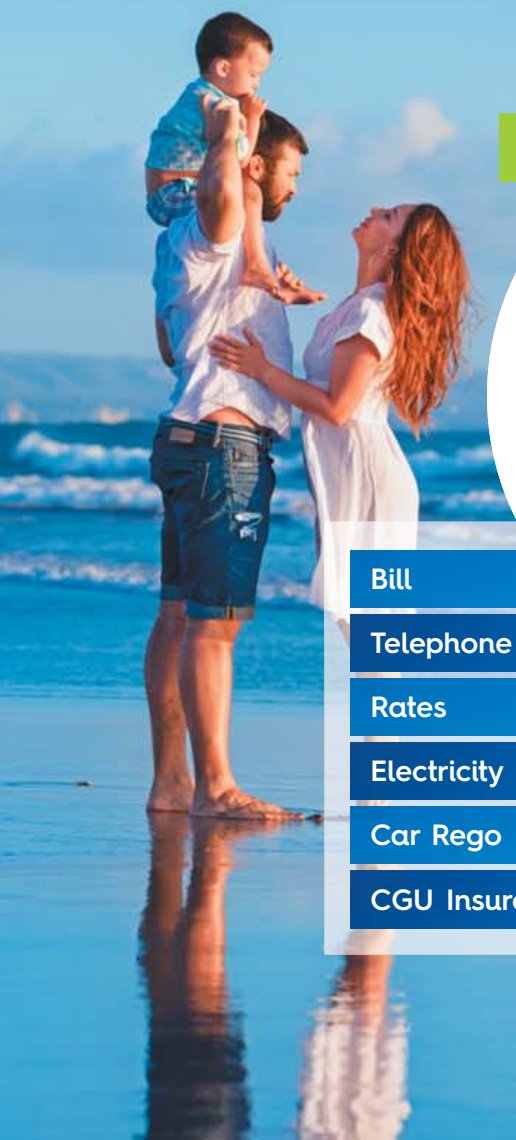

Here's an example

This member has a total agreement of \$13,750. They get paid weekly, so their regular deposit amount will be \$265 per week.

This is calculated by dividing the Total Agreement Value by 52 weeks (the number of regular deposits required under the agreement) and rounding the amount upwards to the nearest dollar. This weekly payment will come out of the members weekly pay and all these nominated bills will be paid when due, providing the member continues to make their regular deposits.
